

DARK MATTER

ASTR 333/433

FALL 2013

M T 4:00-5:15PM

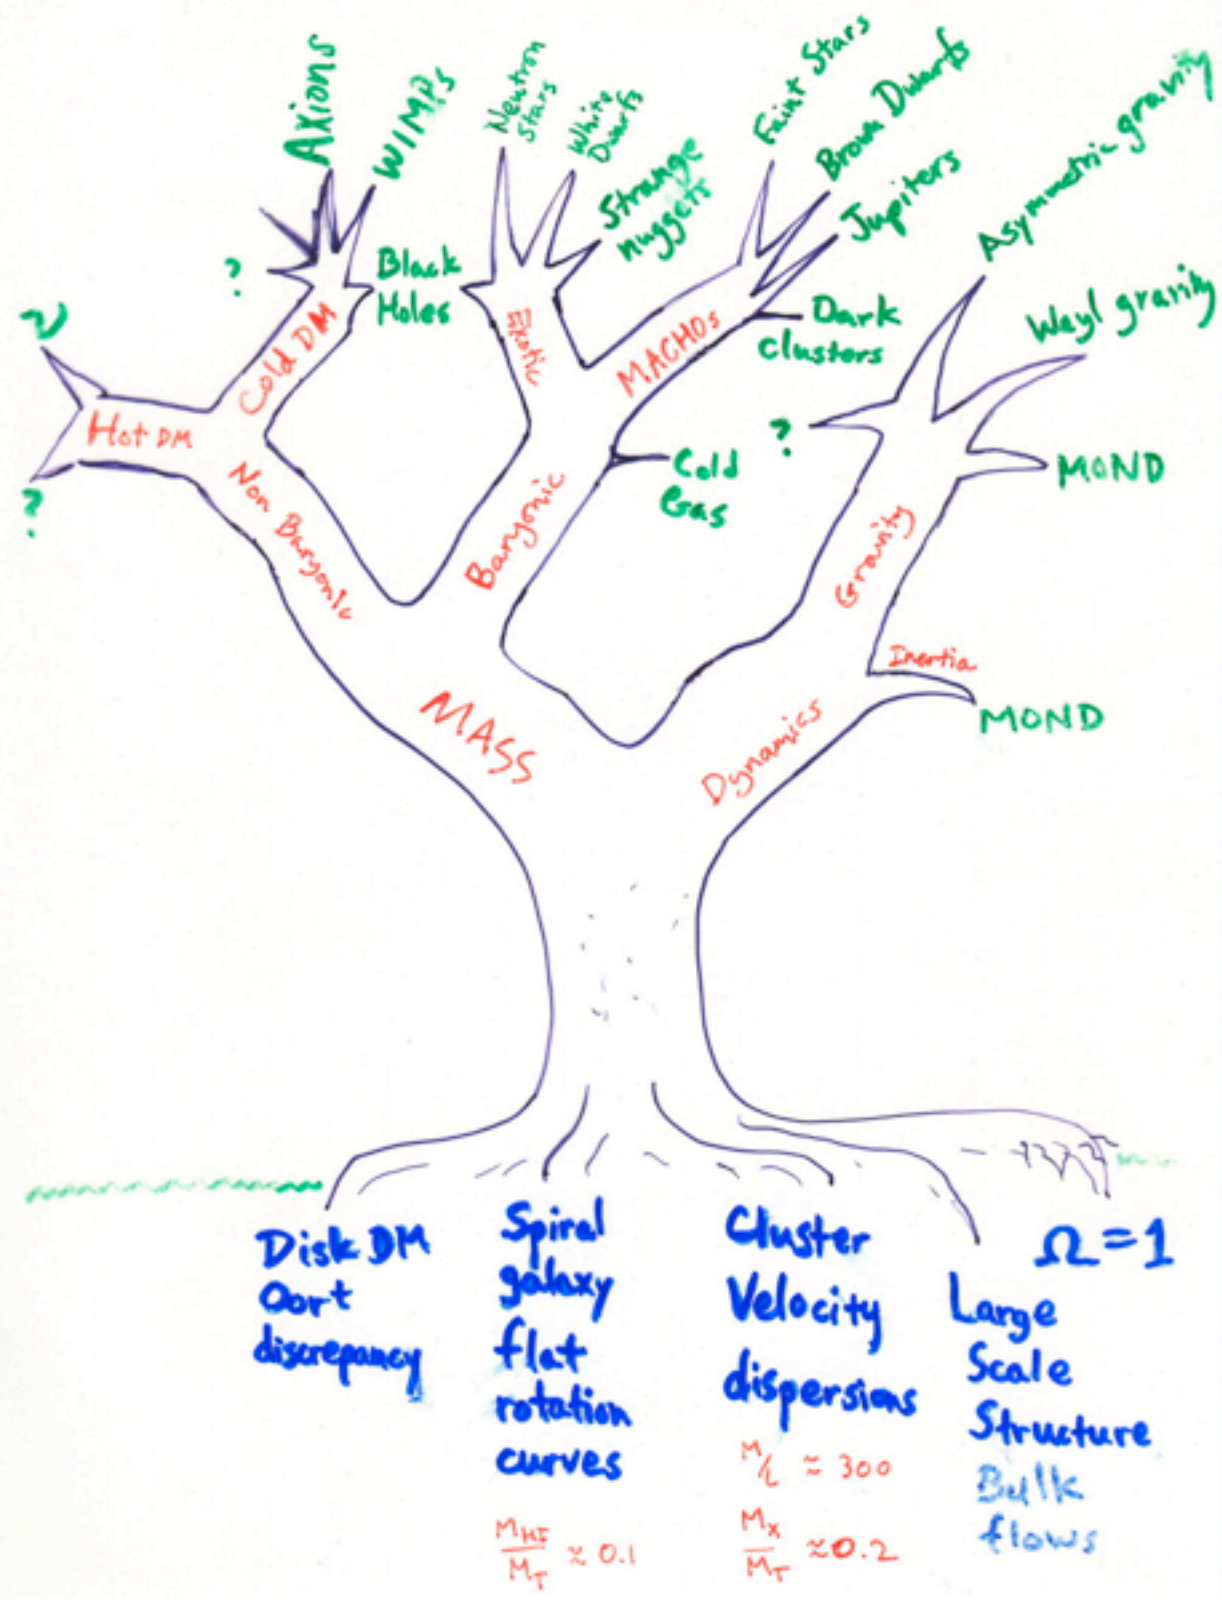

SEARS 552

PROF. STACY MCGAUGH

SEARS 573

368-1808

stacy.mcgaugh@case.edu

Dynamical Theory

PHASE SPACE

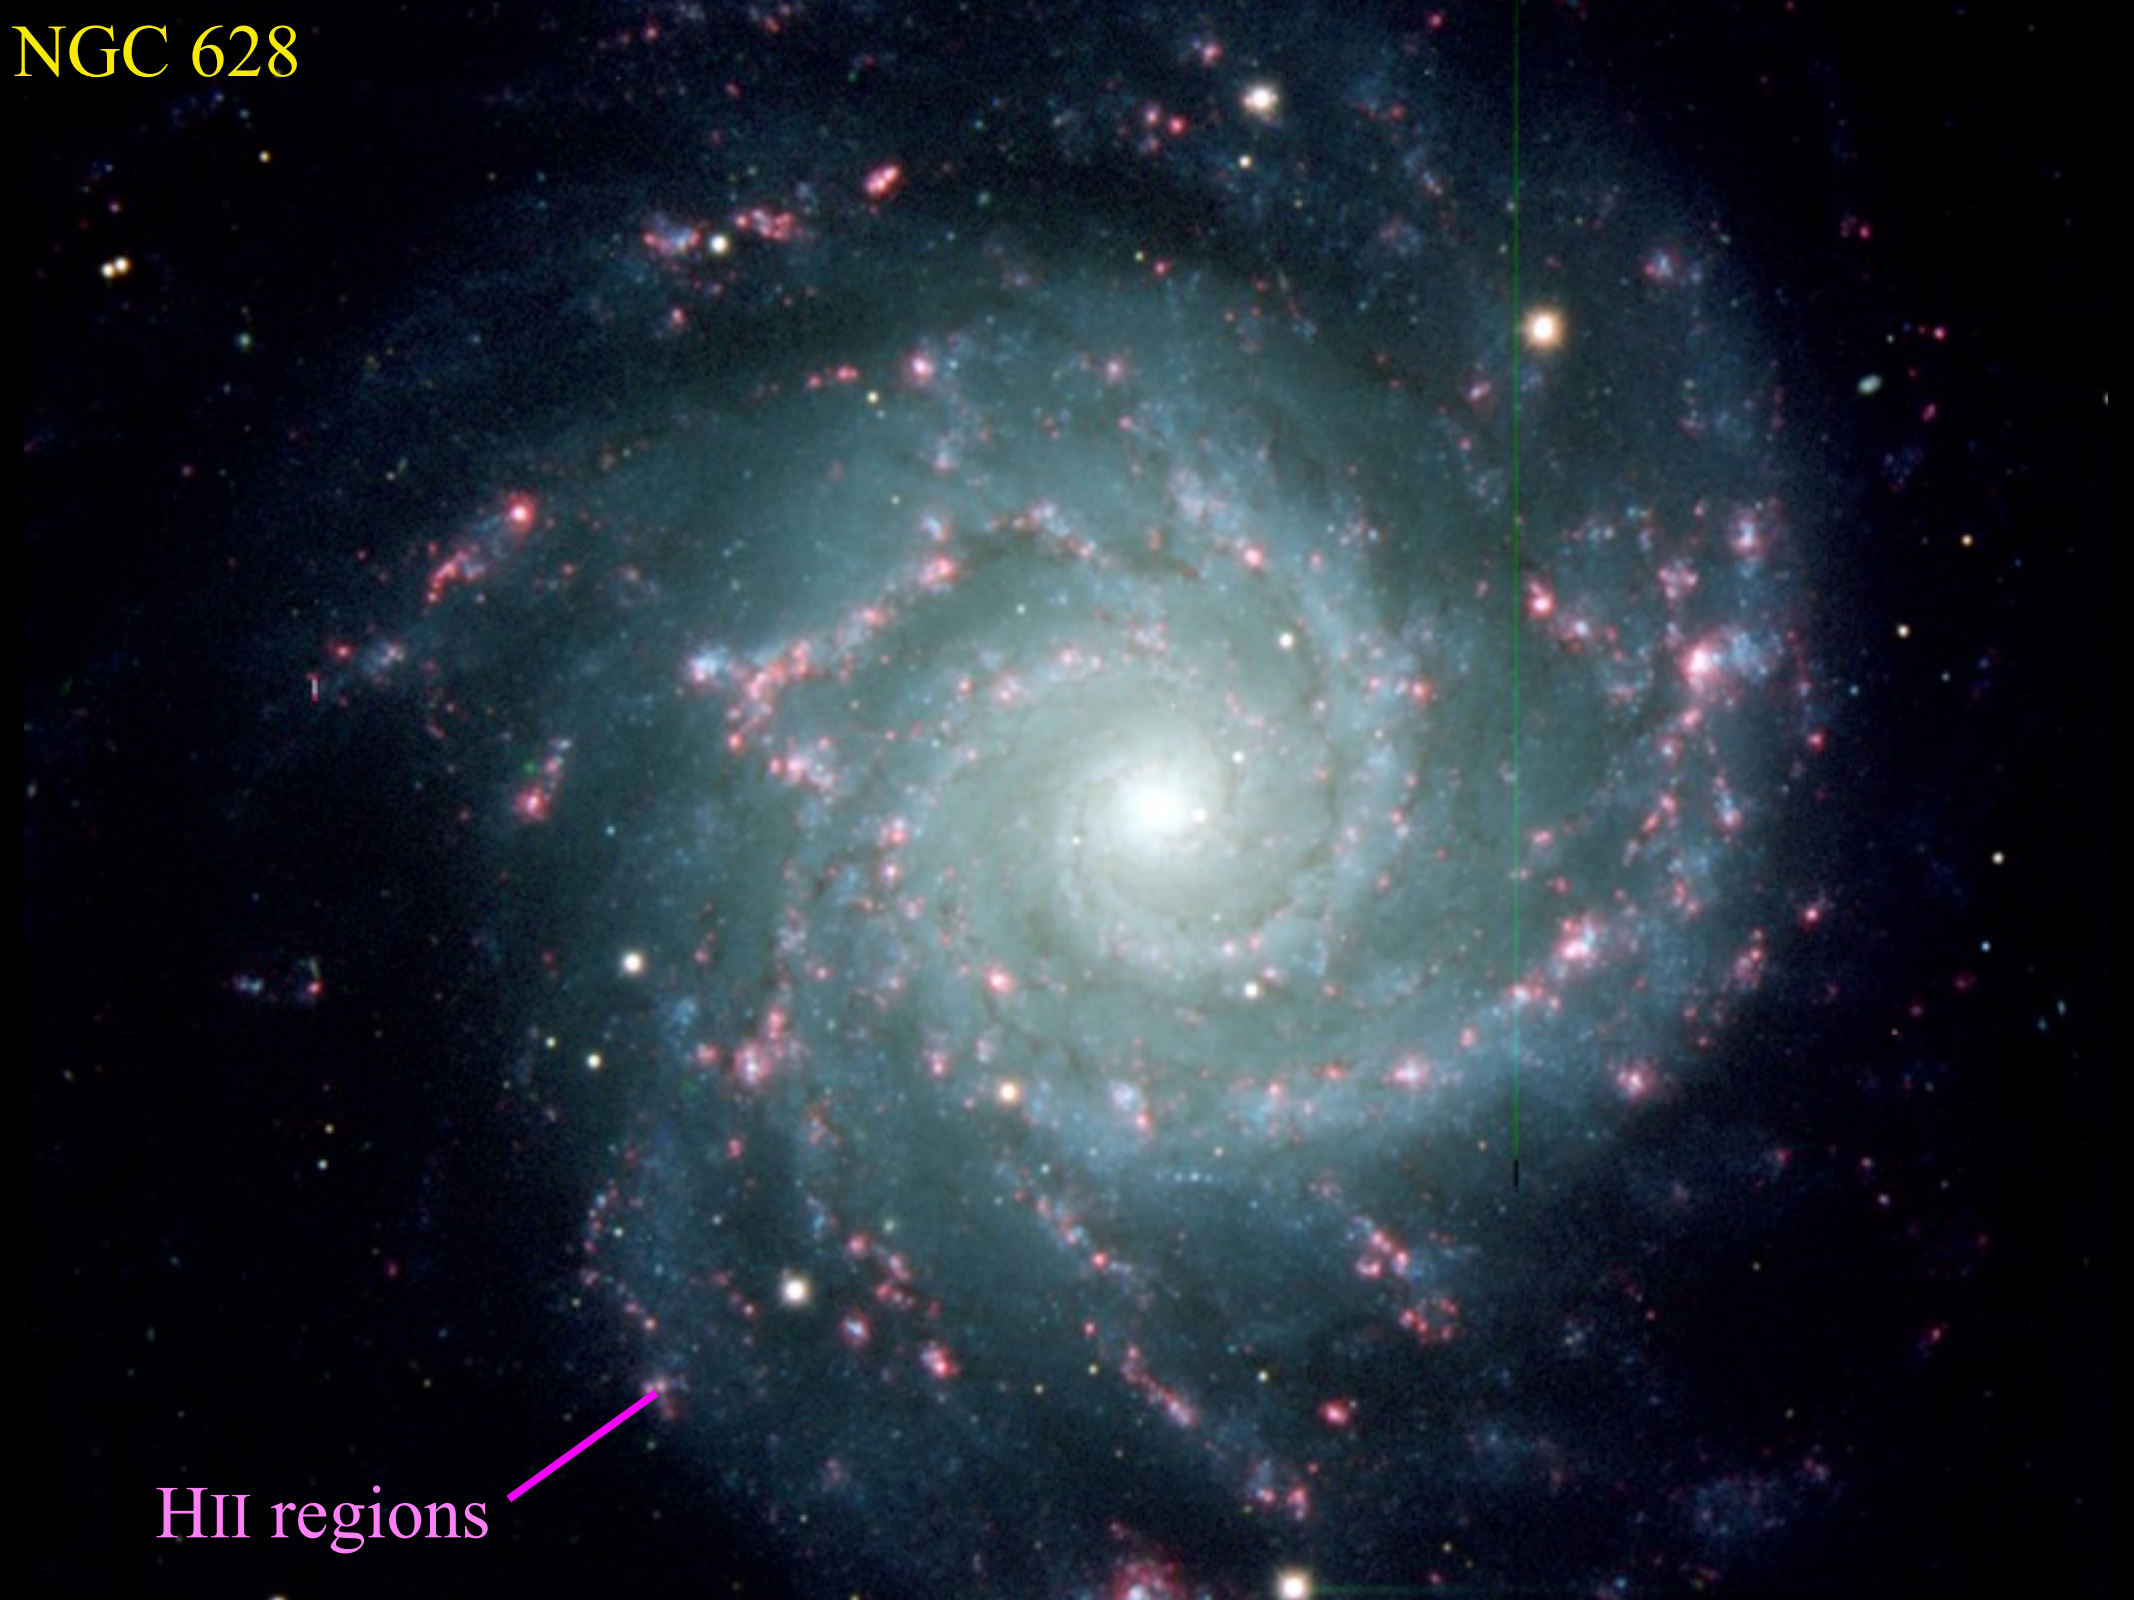

Collisionless Boltzmann Equation

Integrals of Motion

Jeans Equations

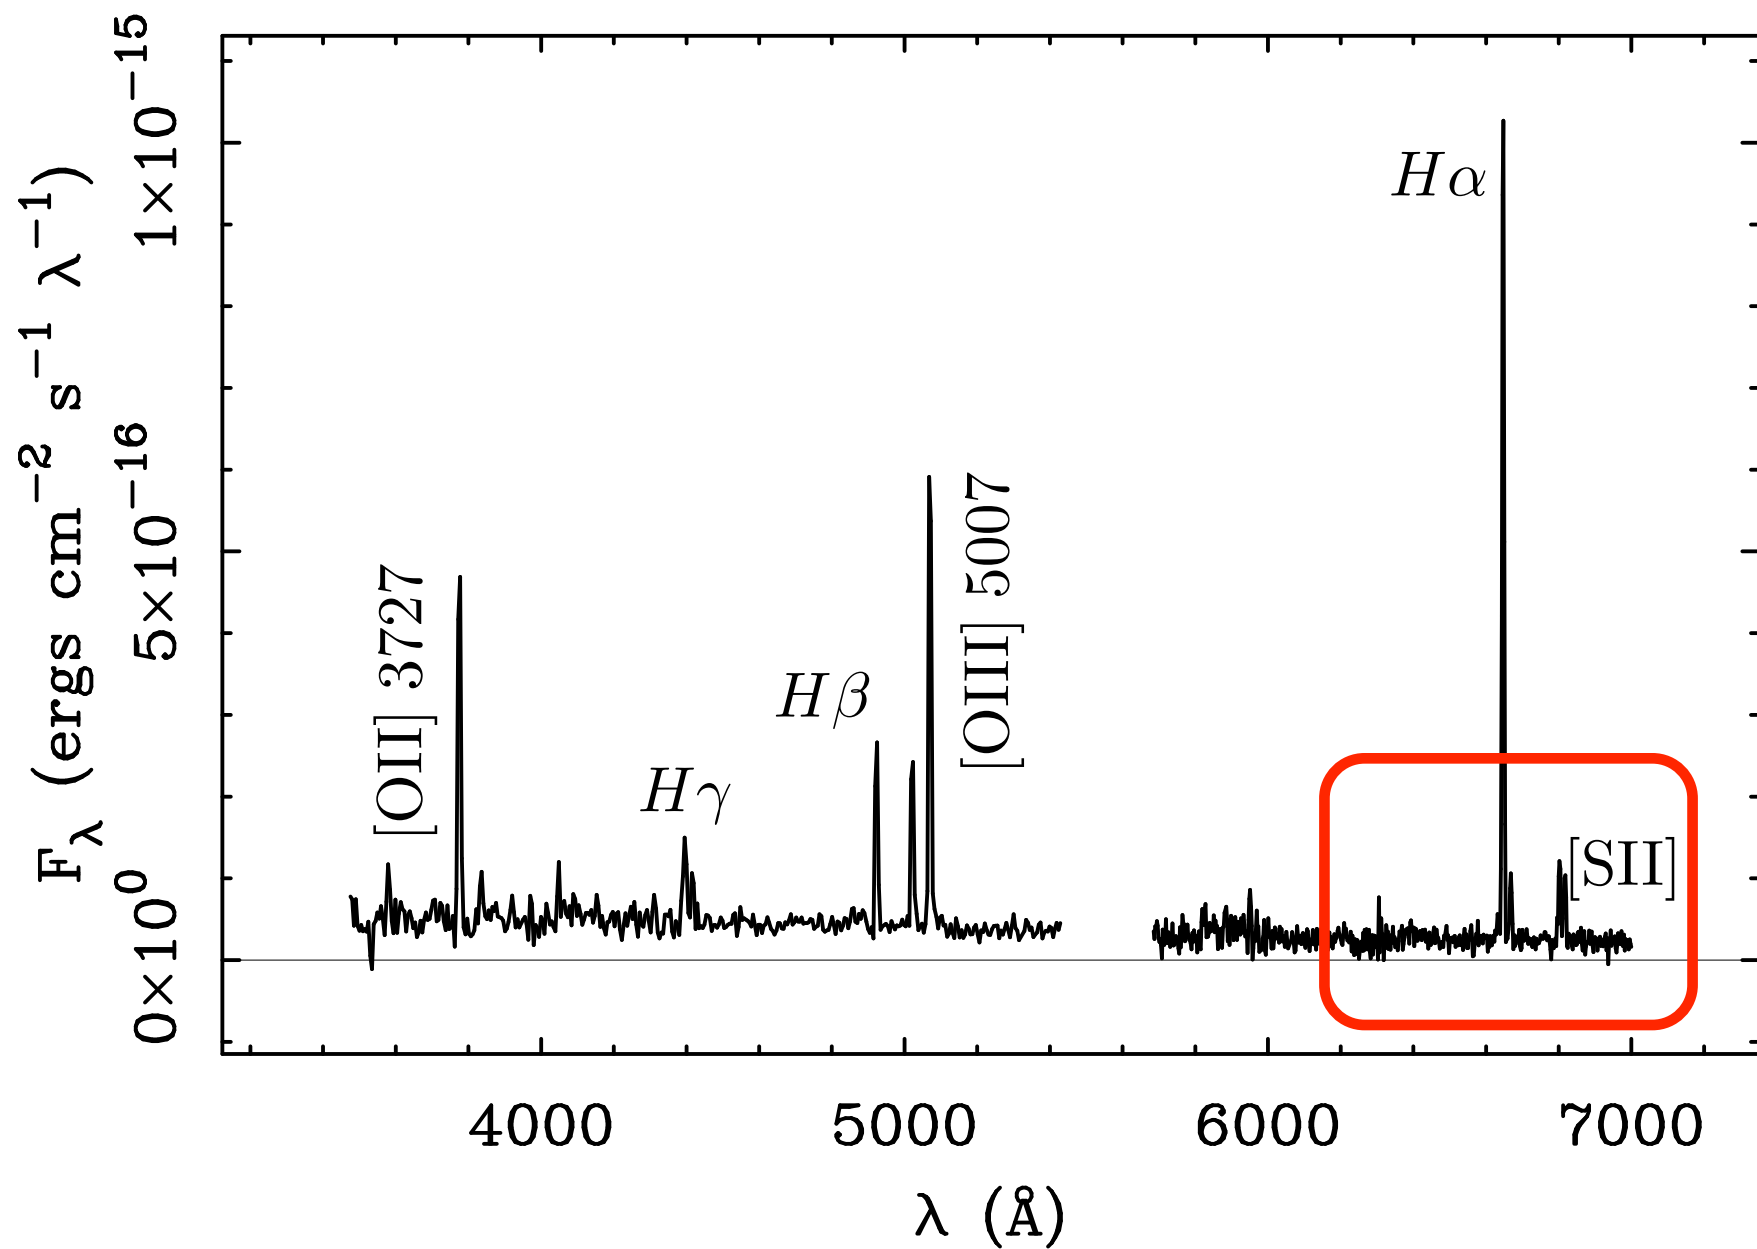

Example Application

NGC 628

HII regions

HII region in UGC 1230

Optical long slit spectrum along major axis of galaxy

Brightest emission is in HII regions,
but there is also diffuse emission.
